

## **About ETRION Corporation**

The renewable energy sector is an exciting and rapidly growing business, providing excellent career opportunities and the unique satisfaction of having a positive impact on the environment.

ETRION Corporation is an independent power producer focused on developing, financing, building, owning and operating global electrical power plants based on renewable sources of energy, including solar photovoltaic, solar thermal and wind. ETRION is a publicly traded company on the Toronto Stock Exchange (ticker symbol ETX).

Supported by The Lundin Group – one of Europe’s leading natural resource companies – ETRION acquires, develops and operates “green” power generation projects. Our customers and energy partners include developers, technology suppliers, governments, utilities, and industrial/commercial end users.

In every aspect of our operations, ETRION is committed to the highest level of corporate ethics and values, empowering our workforce and building trusted, long lasting relationships with suppliers, customers and stakeholders.

**Job title:**

- Corporate Counsel

**Based in:**

- Geneva, Switzerland

**Starting date:**

- Immediately

---

**Position Description:**

We are seeking a Corporate Counsel with at least 5 years transaction-related experience to join ETRION. This position will be based in Geneva and will initially report to the CEO and CFO of ETRION.

**Essential requirements include the following:**

- Drafting and assisting negotiating construction-related contracts, including Engineering, Procurement and Construction (EPC) contracts and operation and maintenance (O&M) agreements.
- Drafting and assisting negotiating facility agreements with financial institutions for typical non-recourse loans.
- Interface and manage the work outsourced to external law firms.
- Advising on construction law matters, including risk mitigation, externalizing liabilities, optimizing change orders provisions, warranty exposures, insurance, etc.
- Advising on legal and/or permitting matters related the development of solar power plants.
- Drafting and negotiating co-development agreements with local companies for the realization of permit rights to develop renewable power plants.
- Drafting and negotiating other miscellaneous contracts, including consulting agreements, non-disclosure agreements, and employment documentation.
- Assisting the company with the formation and corporate maintenance of subsidiaries in Italy, including all special purpose vehicles set up as project companies to own renewable assets.

- Provide general legal support to other countries and markets as requested by CEO
- Fluency in English and Italian required; Fluency in other languages such as French, Spanish, etc. are an additional asset

**ETRION offers an attractive compensation package that consists of a competitive salary and stock options. The company offers an array of employee benefits.**
